

## Huronia

### HURONIA MONITORING STATIONS ARE BOTH ULC LISTED. WHAT DOES THIS MEAN FOR OUR CUSTOMERS?

As part of our [recent acquisition of Peerless Security & Muskoka Fire Protection Services Limited](#), our [main Midland station](#) also has a ULC listed satellite backup station (in Muskoka) that will comply with forthcoming ULC standards.

These new ULC standards are likely not coming into effect for another five years. But, as part of our commitment to being a leader in the security and fire safety monitoring industry, we endeavour to comply with changes before they are required. We are constantly striving to be proactive toward new industry standards.

So what does this mean for our Customers? The Muskoka monitoring station will be a duplicate of our current [Midland monitoring station](#) and will operate concurrent computer systems and ongoing near-complete backups of our Customers data. We have real-time synchronization, so should there be a disruption our outage in Midland, our Muskoka monitoring station steps in immediately and minimizes downtime and losses, further reducing the risk of loss and damage to property and life.

### HURONIA MAKES DONATION-IN-KIND TO OPERATION GROW

We recently [donated an access control security system](#) to [Operation Grow](#). Operation Grow is an initiative of [Huronia Transition Homes](#). The program is designed to provide women with low-barrier employment opportunities a chance to gain valuable work experience apprentice-skills, earn a living wage and transition to mainstream employment, by growing fresh produce and herbs year-round, through unique vertical farming and cultivation practices. [Click here to read the full story ...](#)

Kevin Leonard, Chief Operating Officer of Huronia Alarm & Fire Security Inc. presents a cheque for \$3,000 to Kathy Willis, Executive Director at Huronia Transition Homes' new social enterprise Operation Grow. This represents the dollar-value amount of the access control security system that Huronia donated to the Operation Grow facility.

## NEW YEAR ... NEW CAREER? HURONIA IS HIRING!

Do you know a talented Technician, Salesperson or Manager that you feel would be a great fit for Huronia? We are offering an incentive for leads that create viable employment opportunities for our company: three months free monitoring for the lead; 12 months free monitoring if the lead continues to be employed past the probationary period; an additional 24 months of free monitoring should the lead remain employed after one continuous year of service.

Or are YOU looking for a career change? Are you tired of the hustle and bustle of the 400 series highways? Perhaps it's time YOU considered moving to Southern Georgian Bay or further North into Muskoka. You could join our teams of talented Security & Fire Safety Technicians, Sales People, Management, Monitoring Station Operators, Licensed Security Guards and Administrative personnel. [Click here to see which career opportunity may be right for you.](#)

## LEAVING FOR WARMER CLIMATES? CHECK YOUR SECURITY SYSTEM TO ENSURE IT IS IN WORKING ORDER.

With old man Winter knocking at our door, many of our Customers escape the winter months and head South to warmer climates. This time away from home or business could leave you vulnerable to environmental damage like broken pipes, ice coming through a window, or in some instances a break-in.

We are asking all of our security system customers to check their systems to ensure they are working properly. CCTV camera systems need special attention every day to be sure they are online, recording (if designed to do so) and that any ancillary functions - send to website, remote access, etc. - are all in working order. Some of our systems allow you to activate a "watchdog" feature that we can monitor when one of these critical functions fails.

If you are going to be away from your premises on vacation, please contact us in writing and provide us with your contact information in case of an emergency. [Email us at monitoring@huroniaalarms.com.](mailto:monitoring@huroniaalarms.com)
